Frequently Asked Questions

Q: How many treatments do I need?

Everyone is different – some people see significant changes with one treatment, others may need repeat treatments to experience lasting effects.

Q: I was in the reserves. Can I come?

Absolutely.

Q: Can my spouse come?

During veteran's clinic hours, we only treat veterans, not their families. We offer discounted acupuncture treatments for veterans and their spouses during our normal clinic hours.

Q: Does it hurt?

No – sometimes there can be a slight pinch during an acupuncture treatment, but it fades quickly.
